# Unify

This is an ideal option for those who are young, enjoy good health and want to provide for sudden illness with an essential hospital plan and a savings account that allows control over day-to-day medical expenses and accumulates funds not used.

- A high savings account (25%) to cover your day-to-day healthcare needs
- Essential cover for chronic illnesses on the Chronic Diseases List and 270 listed prescribed minimum benefits
- Comprehensive hospital cover in the hospital of your choice
- Cover for medical emergencies
- Specialised radiology benefits
- Preventive care health assessment tests

## contributions

This table provides a guideline for contributions based on your family's composition. Children pay child dependant rates until they are 26 years old.

A credit facility equalling the monthly contribution to the personal medical saving account multiplied by 12 months, will be available at the beginning of each financial year. If you join Medihelp after January, your savings amount will be calculated based on the remaining months in the year.

Please note that late-joiner penalties and employer subsidies were not taken into consideration. Please obtain a detailed quotation from your accredited adviser based on your information.

		Contribution per month	Annual savings amount
Principal member		R1 752 (R438 savings contribution included per month)	Annual savings amount R5 256
Dependant		R1 440 (R360 savings contribution included per month)	Annual savings amount R4 320

		R3 192 (R798 savings contribution included per month)	Annual savings amount R9 576
		R2 280 (R570 savings contribution included per month)	Annual savings amount R6 840
		R2 808 (R702 savings contribution included per month)	Annual savings amount R8 424
		R3 720 (R930 savings contribution included per month)	Annual savings amount R11 160
		R4 248 (R1 062 savings contribution included per month)	Annual savings amount R12 744
		R4 776 (R1 194 savings contribution included per month)	Annual savings amount R14 328

# preventive care

Our preventive care benefits are designed to enable you to pick up on potential health problems, keeping you healthy and enhancing your available day-to-day benefits.

## Health tests\*

**One combo test per beneficiary per year** (blood glucose, cholesterol, BMI and blood pressure measurement) or individual blood glucose and/or cholesterol tests (only at Clicks and Dis-Chem pharmacy clinics)

## Back treatment programme

**One Document-Based Care back treatment programme per beneficiary per year at a DBC facility** (Subject to protocols and pre-authorisation)

\* These benefits are not available if you have been registered for a chronic/PMB condition as it is no longer considered as preventive care.

# deductibles

Visiting network service providers, following the correct pre-authorisation process and negotiating tariffs with your doctor are just some of the ways in which you can manage or reduce out-of-pocket medical expenses.

## Procedure-specific deductibles

There are still a limited number of low-incidence procedures that require a procedure-specific payment.

### Neck and back fusions

The member pays the first R8 500 and the balance is paid at 100% of the MT.\*

### Endoscopic procedures

There are only four endoscopic procedures where a member is required to contribute to the cost.

Endoscopic procedures	Facility	Unify
<ul style="list-style-type: none"><li>• Gastroscopy</li><li>• Colonoscopy</li><li>• Arthroscopy</li><li>• Sigmoidoscopy</li></ul>	In hospital	Covered at 100% of the MT Member pays the first R 3 250 per admission

## Pre-authorisation is important

100% of the Medihelp tariff will apply if all planned hospital admissions (protocols and case management apply) are pre-authorised. Should these services not be pre-authorised, an 80% benefit apply.

Emergency transport services (ER24) by road and by air **in and outside** the member's country of residence must be pre-authorised to qualify for the applicable benefit. If it is not pre-authorised, a 50% benefit will apply, except in the case of emergency medical conditions.

\*MT – Medihelp tariff paid by Medihelp for benefits that can include a contracted tariff or the single exit price. The various tariffs are defined in the Rules of Medihelp.

This is a summary of benefits. In the event of a dispute, the registered Rules of Medihelp will apply (which are subject to approval by the Council for Medical Schemes). If a beneficiary joins during the course of a financial year, the benefits are calculated pro rata according to the remaining number of months per year.

### General disclaimers

This brochure is intended for marketing purposes and contains only a summary of Medihelp's benefits. On joining Medihelp, members receive a welcome guide with detailed information and a relevant benefit brochure. # supporting information

## Our healthcare partners

We partner with preferred providers and networks to give you access to affordable, quality care.

### OneHealth and Optipharm

OneHealth and Optipharm are Medihelp's partners in offering HIV/Aids-related services, post-exposure prophylaxis in the case of sexual assault or accidental exposure to HIV.

### Specialist network

A specialist network effectively manages any specialist care that you may require, while reducing your out-of-pocket expenses. See which specialists are on the network for your option by visiting [www.medihelp.co.za](http://www.medihelp.co.za)

### ER24

ER24 is our partner in providing emergency medical services, including emergency medical transport, emergency assistance and trauma counselling.

### ICON

ICON is the Independent Clinical Oncology Network to which more than 80% of the country's oncologists belong. They provide the highest quality cancer care through a countrywide footprint of high-tech chemotherapy and radiotherapy facilities. ICON is Medihelp's designated service provider for oncology treatment.

### Preventive care

Clicks and Dis-Chem are Medihelp's designated service providers for preventive care health assessment tests.

### DBC

Medihelp's back treatment programme is offered in co-operation with Document-Based Care (DBC). Each programme is developed by a multidisciplinary medical team according to the individual's clinical profile.

## explanation of terms

**Cost** means the cost of PMB services, payable in full by Medihelp if the services are registered with Medihelp as qualifying for PMB and rendered by DSPs according to accepted PMB treatment protocols.

**Deductibles** are the difference between the cover provided by Medihelp and the cost/tariff charged for the medical service, and are payable directly to the service provider. Deductibles apply in the following cases:

- When doctors and other providers of medical services charge fees which exceed Medihelp's tariffs, the member is responsible for paying the difference between the amount charged and the amount which Medihelp pays;
- When Medihelp's benefit allocation is not 100% or where the cost exceeds the limit available for the service (e.g. for prostheses); and
- When the member chooses not to obtain services from a designated service provider (e.g. the ICON network in the case of oncology) or when a pre-determined deductible is applicable to a specific benefit as indicated per benefit option.

An **emergency medical condition** means any sudden and unexpected onset of a health condition that requires immediate medical or surgical treatment, where failure to provide such treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person's life in serious jeopardy. An emergency medical condition must be certified as such by a medical practitioner. Emergencies qualify for PMB and must therefore also be registered for PMB (see also "PMB").

**EVARS** prosthesis means endovascular aortic replacement surgery and is considered when the patient suffers from an aortic aneurysm with an accompanying risk for anaesthesia.

**Hospital benefits** refer to benefits for services rendered by a hospital during a patient's stay in hospital. Services include ward accommodation and ward medicine, standard radiology and pathology, physiotherapy and other supplementary services rendered during hospitalisation. Hospital benefits are subject to pre-authorisation and an 80% benefit is applicable to the hospital account if the admission is not pre-authorised. Emergency admissions must be registered on the first workday following the admission (see also "emergency medical condition").

The **Medihelp Reference Price (MHRP)** is applicable to all pre-authorised PMB chronic medicine. The price is determined according to the most cost-effective treatment based on evidence-based principles. The MHRP will differ for the different benefit options and is subject to change (e.g. when new generic equivalents are introduced to the market). Please visit Medihelp's website at [www.medihelp.co.za](http://www.medihelp.co.za) for the latest MHRP. Members are advised to consult their doctor when using PMB chronic medicine to make sure they use medicine on the MHRP where possible and so prevent or reduce deductibles.

**Medihelp tariff** refers to the tariff paid by Medihelp for different medical services, and can include for example the contracted tariff for services agreed with certain groups of service providers such as hospitals, the Medihelp Dental Tariff for dental services, and the single exit price for acute medicine. The various tariffs are defined in the Rules of Medihelp.

**Oncology:** 96% of all oncology cases qualify for prescribed minimum benefits (PMB), which Medihelp will cover at 100% of the cost in terms of the Act, provided that oncology is rendered by oncologists within the Independent Clinical Oncology Network (ICON) according to their protocols. Oncology outside ICON or that deviates from the protocols is subject to deductibles. Should oncology not qualify for PMB, members will be allowed to upgrade to the Medihelp Plus benefit option (conditions apply).

**Prescribed minimum benefits (PMB)** are paid for 26 chronic conditions on the CDL and 270 diagnoses with their treatments as published in the Regulations of the Medical Schemes Act, 1998 (Act No 131 of 1998). In terms of these Regulations, medical schemes are compelled to grant benefits for the diagnosis, treatment and care costs of any of these conditions as well as emergency medical conditions (that meet the published definition) without imposing any limits. PMB are subject to pre-authorisation, protocols, and the utilisation of designated service providers, where applicable, e.g. the ICON network for cancer treatment. Benefits for PMB services are first funded from the insured day-to-day benefits.

**Protocols** are clinical guidelines compiled by experts in the field of a specific medical condition for the treatment of that condition based on best practice principles.

**Savings account** means an account which is kept by Medihelp on behalf of a member and which is credited monthly with the member's contribution. Funds in the savings account are used to pay for qualifying medical expenses while funds not used, accumulate.

## summary of exclusions

Please also refer to Medihelp's Rules for the medical conditions, procedures and services, appliances, medicines, consumables and other products that are excluded from benefits. The following is an extract from the Rules:

- Services which are not mentioned in the Rules as well as services which in the opinion of the Board of Trustees, are not aimed at the generally accepted medical treatment of an actual or a suspected medical condition or handicap, which is harmful or threatening to necessary bodily functions (the process of ageing is not considered to be a suspected medical condition or handicap).
- Travelling and accommodation/lodging costs, including meals as well as administration costs of a beneficiary and/or service provider.
- Operations, treatments and procedures – of own choice; for cosmetic purposes; and for the treatment of obesity, with the exception of the treatment of obesity which is motivated by a medical specialist as life-threatening and approved beforehand by Medihelp.
- Treatment of wilfully self-inflicted injuries, unless it is a prescribed minimum benefit.
- Services which are claimable from the Compensation Commissioner, an employer or any other party, subject to the stipulations of rule 15.4.
- Costs exceeding the Medihelp tariff for a service or the maximum benefit to which a member is entitled, subject to PMB.
- Appointments not kept.
- Treatment of alcoholism and drug abuse as well as services rendered by institutions which are registered in terms of the Prevention of and Treatment for Substance Abuse Act, 2008 (Act No 70 of 2008) or other institutions whose services are of a similar nature, other than stipulated in the Regulations to the Medical Schemes Act, 1998.
- The cost of transport with an ambulance/emergency vehicle from a hospital/other institution to a residence.
- Emergency room facility fees.
- Laparoscopic appendectomy.
