

flexiFED 2^{GRID}

The ideal plan for young family start-ups.

As part of our new **flexiFED** option range that gives members more control over how their cover is structured, **flexiFED 2^{GRID}** is perfect for young family start-ups.

Its core benefit bundle – or the basic cover that you enjoy on this option – provides you with sound in-hospital benefits, chronic benefits, screening benefits, and day-to-day benefits, that include additional benefits and the Benefit Maximiser.

The Benefit Maximiser kicks in once your day-to-day claims have accumulated to the Benefit Maximiser Threshold Level, provided you've submitted all your day-to-day claims. This means that certain claims, like unlimited nominated network GP visits and dentistry, will be paid from the Benefit Maximiser.

On **flexiFED 2^{GRID}**, you've chosen to save 11% on your monthly contribution by committing to use Fedhealth's network of 100 top-class hospitals only for planned procedures. In the case of an emergency for stabilising treatment, you can still use any provide hospital and will be covered without any co-payment.

On this option you also have access to a MediVault and Wallet facility, a predetermined amount available for your day-to-day medical expenses, which you only start paying back over a 12-month period once you start using it.

Please see the following pages for more details on the **flexiFED 2^{GRID}** core benefit bundle and what it offers you.

We let **you be YOU**

You are now allocated money for day-to-day medical expenses available in your personal MediVault. This amount is based on your selected bundle and family composition, and is not pro-rated, i.e. even if you only join in August, you'll have the same amount available as you would have in January. To access these funds, you can transfer it, in full upfront, or in part as needed, to your Wallet.
