

Prime 1 product summary

This is a summary of the Prime 1 hospital plan. On this affordable option, you only pay for two children younger than 18 years after which child dependant rates will apply from the beginning of the year following the year in which they turn 18, until they are 26 years old. Older children pay child dependant rates until they are 26 years old.

Prime 1N Hospital plan

This highly affordable hospital plan offers a network of 113 private hospitals at a discount of 22%. You get cover for hospital admissions, minor day-to-day medical expenses and added insured benefits, such as pregnancy consultations and flu immunisation.

Principal member		R1 488
Dependant		R1 212
Child dependant <26 years		R450

The monthly contribution does not take any employer subsidy into account

Important:

This is only a summary of the available benefits. Please consult the registered Medihelp Rules for more information and details of services that are excluded from benefits. In case of a dispute, the Rules of Medihelp will apply (subject to approval by the Council for Medical Schemes).

- Certain added insured benefits are not available if you have been registered for a chronic/PMB condition as it is no longer considered as preventive care and may be linked to a specific age/gender/item code/clinical validity criteria. Benefits are paid at 100% of the MT.
- Doctor's consultation paid from available day-to-day benefits.
- Subject to pre-authorisation and/or protocols
- Generic medicine = 100% of MMAP | Original medicine - no generic available = 80% of MT | Choose original medicine - generic is available = 70% of MMAP
