CHRONIC CONDITIONS AND PROGRAMMES

You have Comprehensive Cover for Cancer

You have access to comprehensive cover for cancer treatment. This includes access to high cost medicine, supportive treatment and the Discovery Care Programme.

PRESCRIBED MINIMUM BENEFITS (PMB)

Cancer treatment that is a Prescribed Minimum Benefit (PMB), is always covered in full. All PMB treatment costs add up to the cover amount. If your treatment costs more than the cover amount we will continue to cover your PMB cancer treatment in full.

ONCOLOGY BENEFIT

If you are diagnosed with cancer and once we have approved your cancer treatment, you are covered by the Oncology Care Programme. We cover your approved cancer treatment over a 12-month cycle.

We cover the first R200 000. If your treatment costs more than the cover amount, we will cover up to 80% of the subsequent additional costs.

All cancer-related healthcare services are covered up to 100% of the Discovery Health Rate (DHR). You might have a co-payment if your healthcare professional charges above this rate.

ONCOLOGY INNOVATION BENEFIT

You have cover for a sub-set of the defined list of innovative cancer medicine covered by the Oncology Innovation Benefit, subject to the Scheme's clinical entry criteria. You will need to pay 50% of the cost of these treatments.

HOW WE COVER MEDICINE

You need to get your approved oncology medicine on our medicine list from a designated service provider (DSP) to avoid a 20% co-payment. Speak to your treating doctor to confirm that they are using our DSPs for your medicine and treatment received in rooms or at a treatment facility.

ADVANCED ILLNESS BENEFIT

Members have access to a comprehensive palliative care programme. This programme offers unlimited cover for approved care at home, care coordination, counselling services and supportive care for appropriate end-of-life clinical and psychologist services. You also have access to a GP consultation to facilitate your palliative care treatment plan.
