2025
Medgap
cover policy

Guardrisk Insurance Company Limited proudly offers you the Medgap product.

Medgap Cover is not a medical scheme and the cover is not the same as that of a medical scheme. Only active medical scheme members are eligible for cover on Medgap. This product is not a substitute for medical scheme membership and no day-to-day benefits are covered.

Many medical practitioners charge considerably more than medical schemes will pay. This creates a shortfall or gap between what the medical scheme has paid and the actual cost incurred for the medical practitioner who treated you in hospital.

As a member you would be personally liable for the difference in cost, which for specialists and surgeons can add up to a sizeable amount.

Medgap offers you and your loved ones specially designed products that provides cover for medical expense shortfalls in the event of hospitalisation involving surgery or medical treatment, as well as for certain procedures performed out-of-hospital.
